Dell - Service Tag

- Service Tag is a seven alphanumeric code.
- Express Service Code is a 10 to 11 digit, numeric version of a Service Tag.

On Dell laptops, the Service Tag or Express Service Code label is on the bottom panel. Certain laptops such as the Dell XPS and Precision mobile workstations have a flap covering the label.

On Dell desktops, the Service Tag or Express Service Code label is on the top panel, side panel, or back panel.

Service Tag (ST or S/N): ABCD123
Express Service Code (EX): 224537145587
Mfg Date: xxxx xx xx

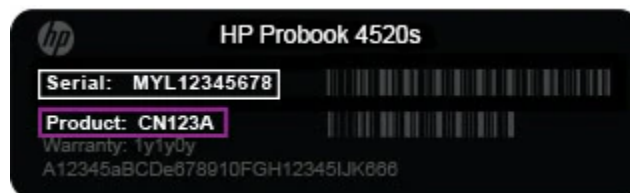

HP

The product information label contains your serial number and product number. You can find it either on the back of your laptop, inside the battery compartment or under the cover on the back of the laptop.

Examples of where to find your product label:

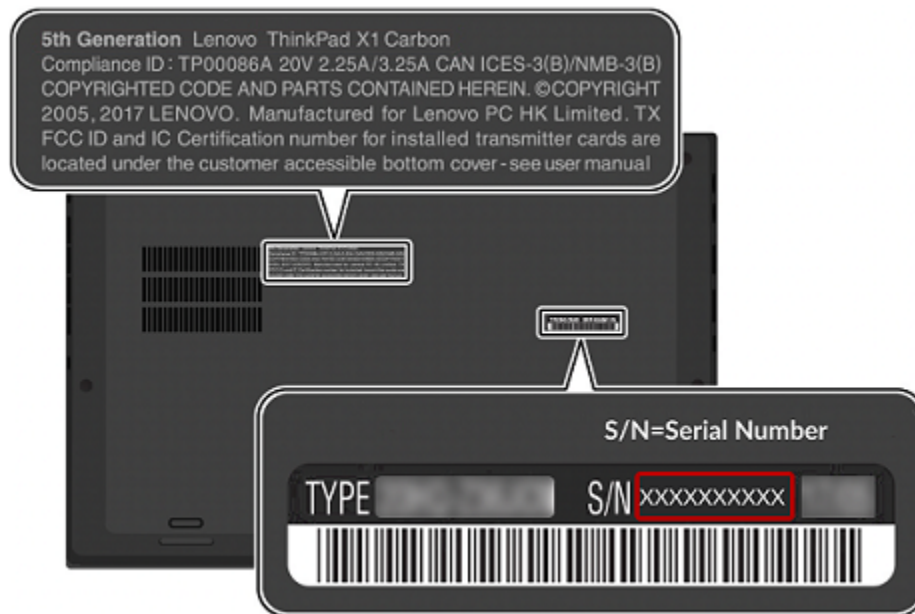

Sample product label:

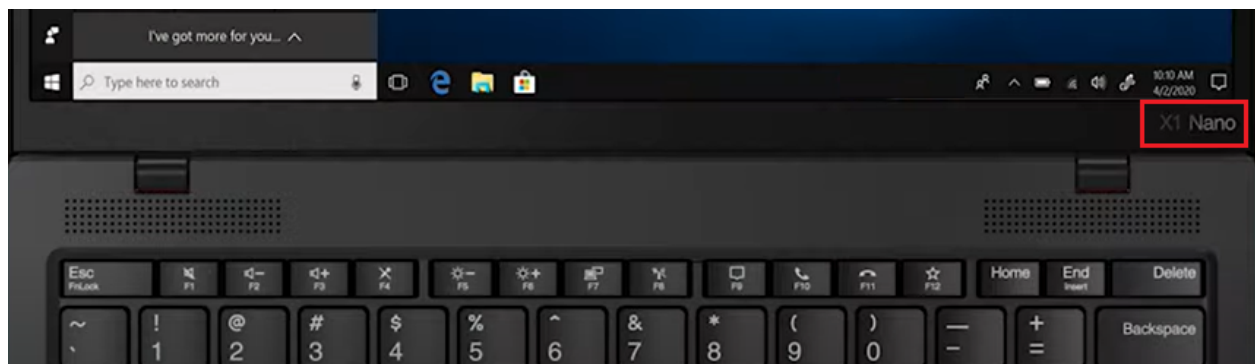

Lenovo ThinkPad

The serial number is printed at the bottom of the machine or beneath the battery. If the Machine Type model information is needed, it is located right next to the serial number.

Note: The following images are examples.

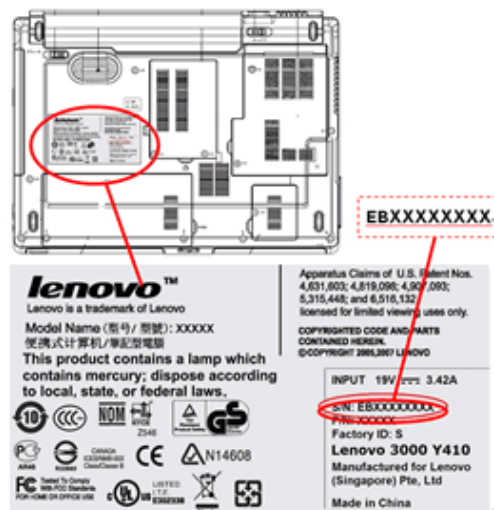

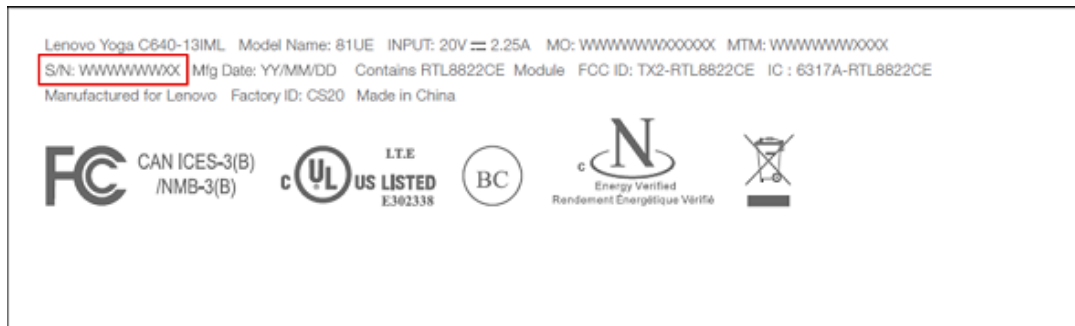

The product name is printed on the LCD Bezel of the machine.

IdeaPad and Lenovo notebooks (including Miix tablets and Yoga)

The serial number is printed on the label at the bottom of the machine.

The product name is printed on the label at the bottom of the machine.

Note: The model type in the picture is just an example.

ThinkCentre/ThinkStation

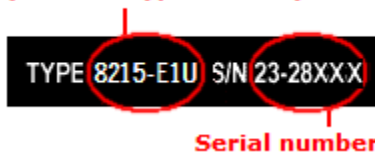

The serial number is printed on the side or back of the machine. If the machine type model information is needed, it is located next to the serial number.

Serial Number - 2328XXX

Machine Type - 8215

Machine Type Model - 8215E1U

**Product number
(Machine type - Model)**

Serial number

The product name is printed on the side or back of the machine.

Note: The model type in the picture is just an example.

ThinkStation

Chromebook

The product name and serial number are located on the bottom of the system.

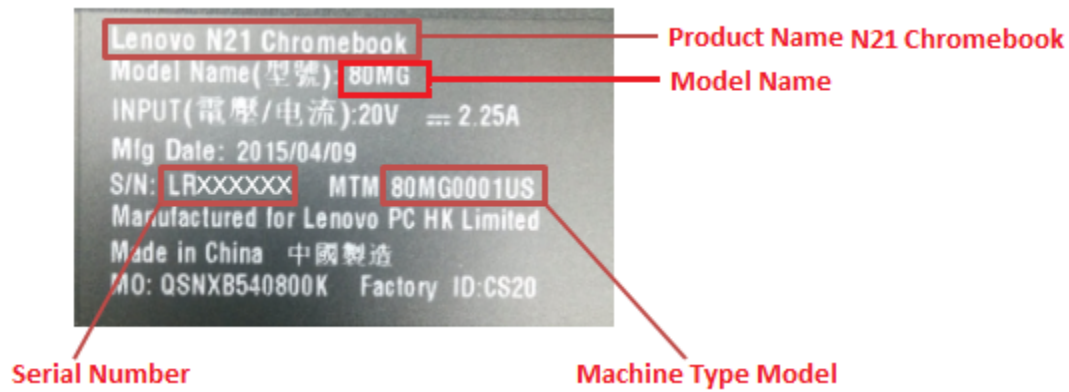

Example of Lenovo Chromebook

The product name, machine type model, model name, and serial number can be found on the configuration label on the packing box.

The product name, machine type model, model name, and serial number can be found on the rating label on the back cover.

ACER

Your SNID and serial number are located on a label on the bottom of your product. These numbers can be used online to help locate downloads and other resources for your product. They also help us correctly identify your product specifications and warranty, so please have them at hand when you contact us.

Acer SNID numbers are 11 or 12 digits and do not contain letters. Acer serial numbers are 22 alpha-numeric characters, and will always use zero and never the letter O.

Note: Acer 2-in-1 Switch products are labeled on the bottom edge of the tablet.

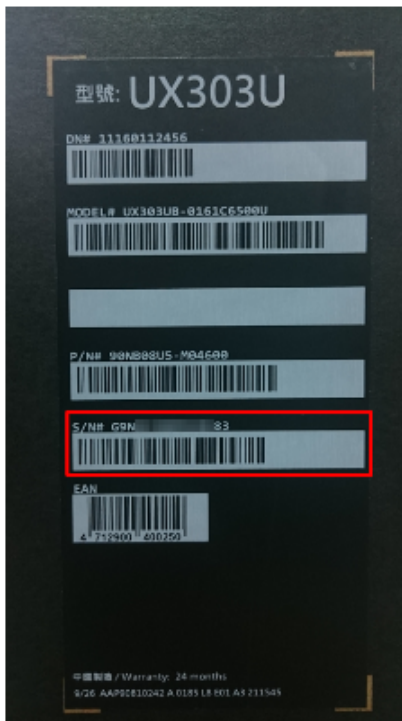

ASUS Notebook

- Check the sticker label on the bottom side of the notebook or Eee PC.

- Check the Serial Number data field in the BIOS Main menu.
- To get into BIOS menu, press F2 button repeatedly after powering up until BIOS menu shows up.

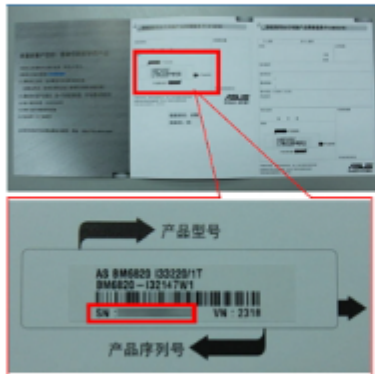

- Check the sticker label on the side of the package box. The serial number is listed after the word "Serial Number," "SSN," "S/N," or "SN."

Desktop PC

- Check the sticker label on the back of the desktop PC. The serial number is listed after the word "Serial Number," "SSN," "S/N," or "SN."

- Check the sticker label on the warranty card. The serial number is listed after the word "Serial Number," "SSN," "S/N," or "SN."

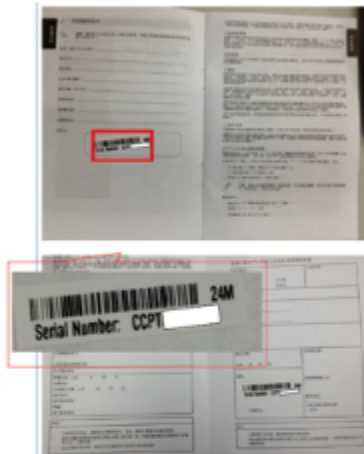

- Check the sticker label on the side of the package box. The serial number is listed after the word "Serial Number," "SSN," "S/N," or "SN."

All-in-One PC

- Check the sticker label on the back of the All-in-one PC. The serial number is listed after the word "Serial Number," "SSN," "S/N," or "SN."

- Check the sticker label on the warranty card. The serial number is listed after the word "Serial Number," "SSN," "S/N," or "SN."

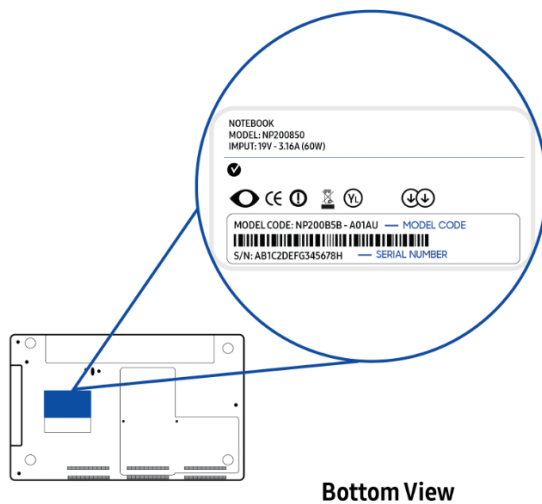

- Check the sticker label on the side of the package box. The serial number is listed after the word "Serial Number," "SSN," "S/N," or "SN."
